

ZCare Hospital: Comprehensive Information Manual

Introduction to ZCare Hospital

ZCare Hospital is a premier, multi-specialty tertiary care healthcare institution committed to delivering world-class medical services. Built upon the foundational pillars of clinical excellence, patient safety, and compassionate care, ZCare strictly adheres to the standards set by the National Accreditation Board for Hospitals & Healthcare Providers (NABH) and the Indian Public Health Standards (IPHS).

****Vision:**** To be the most trusted healthcare partner in India, providing equitable, advanced, and patient-centric medical care.

****Mission:**** To deliver exceptional clinical outcomes through state-of-the-art technology, evidence-based medical practices, and a dedicated team of healthcare professionals in a safe and healing environment.

****Quality Policy:**** ZCare Hospital is dedicated to continuous quality improvement, ensuring zero tolerance for medical errors, maintaining strict infection control protocols, and consistently exceeding patient expectations.

Section 1: Operational Hours and Holiday Schedules

ZCare Hospital operates on a hybrid schedule to ensure uninterrupted critical care while managing routine consultations efficiently.

1.1 24/7 Uninterrupted Services

To comply with standard emergency medical response requirements, the following departments are fully operational ****24 hours a day, 7 days a week, 365 days a year****, including all national and public holidays:

*** **Emergency & Trauma Center:**** Staffed round-the-clock by specialized emergency physicians and trauma surgeons.

*** **Intensive Care Units (ICU, ICCU, NICU, PICU, SICU):**** Continuous monitoring by intensivists and critical care nurses.

*** **Emergency Operation Theatres (OT):**** Always on standby for life-saving surgeries.

*** **Central Diagnostics:**** Urgent pathology, X-ray, CT Scan, and Ultrasound services for emergency cases.

*** **Blood Centre:**** 24/7 availability of whole blood and blood components.

*** **Inpatient Pharmacy:**** Fully stocked and operational at all hours for admitted patients.

****Ambulance Services:**** Advanced Life Support (ALS) and Basic Life Support (BLS) fleets available on immediate dispatch.

1.2 Outpatient Department (OPD) Hours

The routine OPD handles scheduled consultations, follow-ups, and non-emergency medical evaluations.

****Monday to Saturday:**** 08:00 AM to 08:00 PM

****Morning Shift Consultations:**** 08:00 AM to 01:00 PM

****Afternoon Shift Consultations:**** 02:00 PM to 05:00 PM

****Evening Clinics (Select Specialties):**** 05:30 PM to 08:00 PM

****Sunday Clinics:**** 09:00 AM to 01:00 PM (Limited to General Medicine, Pediatrics, and Orthopedics; pre-booking strongly advised).

1.3 Inpatient Visiting Hours

To ensure patient rest, prevent hospital-acquired infections, and allow for uninterrupted clinical rounds, ZCare strictly enforces visiting hours. Only one attendant with a valid "Attendant Pass" is allowed to stay with the patient outside of these hours.

****General and Private Wards:****

* Morning: 10:00 AM to 11:30 AM

* Evening: 04:30 PM to 07:00 PM

****Intensive Care Units (ICUs):****

* Morning: 11:00 AM to 11:30 AM

* Evening: 05:00 PM to 05:30 PM

****Note:** ICU visits are restricted to one immediate family member at a time for a maximum of 10 minutes. Children under 12 are strictly prohibited from entering ICU areas.*

1.4 Administrative and Support Services Hours

****Billing and TPA/Insurance Desk:**** 08:00 AM to 08:00 PM (Emergency billing operates 24/7).

****Medical Records Department:**** 09:00 AM to 05:00 PM (Monday to Saturday).

****Outpatient Pharmacy:**** 07:00 AM to 10:00 PM.

1.5 Holiday Schedules

Routine OPD, planned elective surgeries, and administrative offices remain ****closed**** on the following Indian National Holidays. However, emergency services, critical care, and inpatient wards function at 100% capacity.

* ****Republic Day:**** January 26th

* ****Independence Day:**** August 15th

* ****Gandhi Jayanti:**** October 2nd

* ****Major Regional/National Festivals:**** Diwali, Holi, Eid-ul-Fitr, Christmas (Dates vary annually; a localized calendar is published at the helpdesk every January).

Section 2: Clinical Departments and Their Locations

ZCare Hospital is architecturally designed for optimal patient flow, categorized into four distinct blocks. Below is the comprehensive directory of our clinical departments.

Block A: Emergency and Acute Care Block

* ****Emergency Medicine & Trauma (Ground Floor):**** Equipped with a 5-bed triage area, 15-bed resuscitation zone, and a dedicated minor OT. Directly connected to the ambulance bay.

* ****Radiology & Imaging (Basement 1):**** Houses MRI (3 Tesla), CT Scan (128 slice), Digital X-Ray, Mammography, and 4D Ultrasound machines. Compliant with Atomic Energy Regulatory Board (AERB) safety guidelines.

* ****Central Laboratory & Blood Bank (First Floor):**** NABL-accredited pathology lab covering Biochemistry, Hematology, Microbiology, and Histopathology.

Block B: Outpatient Services (OPD Block)

* ****Internal Medicine & Diabetology (Ground Floor):**** Comprehensive management of communicable and non-communicable diseases, adult immunizations, and lifestyle disorders.

* ****Pediatrics & Neonatology (First Floor):**** Child-friendly waiting areas, vaccination clinic, well-baby clinic, and pediatric development assessment rooms.

* ****Obstetrics & Gynecology (First Floor):**** Antenatal care, high-risk pregnancy management, family planning, and menopause clinics.

* ****Orthopedics & Sports Medicine (Second Floor):**** Consultation for joint replacements, spine surgery, trauma, and a dedicated plaster room.

* ****Ophthalmology & ENT (Third Floor):**** Vision testing, cataract screening, audiometry, and speech therapy clinics.

* **Dermatology & Cosmetology (Fourth Floor):** Skin care, laser treatments, vitiligo management, and minor dermatological procedures.

Block C: Centers of Excellence (Super-Specialties)

* **Institute of Cardiac Sciences (First Floor):** Features dedicated OPDs for interventional cardiology and cardiothoracic surgery. Connected directly to the Cardiac Cath Lab.

* **Institute of Neurosciences (Second Floor):** Consultations for stroke management, epilepsy, Parkinson's disease, and neurosurgery. Includes a dedicated neuro-electrophysiology lab (EEG, EMG).

* **Oncology Center (Third Floor):** Comprehensive cancer care including Medical Oncology (Chemotherapy Day Care), Surgical Oncology, and Radiation Oncology consultations.

* **Nephrology & Urology (Fourth Floor):** Management of chronic kidney disease, kidney stones, and prostate issues. Houses a 20-bed advanced Hemodialysis Unit.

* **Gastroenterology & Hepatology (Fifth Floor):** Liver disease management and inflammatory bowel disease. Features a state-of-the-art Endoscopy and Colonoscopy suite.

Block D: Inpatient Wards, ICUs, and Surgical Suites

* **Intensive Care Units (First Floor):** Segregated into Medical ICU (MICU), Surgical ICU (SICU), and Coronary Care Unit (CCU). Features negative pressure isolation rooms for highly infectious diseases.

* **Operation Theatre Complex (Second Floor):** 10 modular operation theatres with laminar airflow, HEPA filters, and anti-static flooring to ensure zero infection rates.

* **Maternity Suites & Labour Delivery Recovery (LDR) Rooms (Third Floor):** Designed to allow mothers to experience labor, delivery, and recovery in a single, comfortable setting.

* **Inpatient Wards (Fourth to Seventh Floors):** Ranging from multi-bed general wards to luxurious private suites, customized to various patient preferences and financial plans.

Section 3: Contact Numbers, Email Addresses, and Emergency Lines

Section 4: Available Facilities, Services, and Amenities

ZCare Hospital is equipped with comprehensive medical and non-medical facilities designed to provide a holistic, comfortable, and seamless healing experience for patients and their families.

4.1 Inpatient Accommodations

We offer a variety of room categories to suit different needs, all maintained with strict daily housekeeping and infection control protocols.

*****General Wards:**** Separate male and female wards, spacious and well-ventilated, with a nursing station for every 10 beds. Each bed features privacy curtains, a central oxygen supply, and a nurse call bell.

*****Semi-Private Rooms:**** Twin-sharing rooms with air conditioning, individual televisions, and a shared en-suite washroom. Includes a sleeper chair for one attendant per patient.

*****Private Rooms:**** Single-occupancy rooms ensuring complete privacy. Features a motorized patient bed, television, wardrobe, attached washroom, and a comfortable couch for the attendant.

*****Deluxe Suites:**** Premium accommodations featuring a separate patient room and a dedicated lounge area for visitors and attendants. Includes a kitchenette, premium toiletries, and personalized dietary services.

4.2 Advanced Clinical Facilities

*****Modular Operation Theatres:**** 10 highly sterile, seamlessly integrated OTs equipped with modern anesthesia workstations, operating microscopes, C-arms, and advanced surgical pendants.

*****Cardiac Cath Lab:**** A flat-panel digital catheterization laboratory for performing angiographies, angioplasties, and pacemaker implantations with minimal radiation exposure.

*****Dialysis Unit:**** A 20-bed, serene hemodialysis suite operating in three shifts. Includes dedicated isolation machines for Hepatitis B/C and HIV-positive patients to prevent cross-infection.

*****Physiotherapy and Rehabilitation Center:**** Equipped with shortwave diathermy, ultrasound therapy, traction units, and a specialized neuro-rehabilitation gym for post-stroke and post-surgical recovery.

4.3 Support and Ancillary Services

*****Central Sterile Services Department (CSSD):**** The backbone of our surgical safety, utilizing advanced autoclaves, plasma sterilizers, and ultrasonic cleaners to ensure 100% sterilization of all surgical instruments.

Clinical Nutrition and Dietetics: Expert dietitians assess every admitted patient. The hospital kitchen prepares customized therapeutic diets (e.g., diabetic, low-sodium, renal, high-protein) prepared under strict FSSAI hygiene guidelines.

Biomedical Waste Management: Strict adherence to the Biomedical Waste Management Rules, 2016. Color-coded bins (Yellow, Red, White, Blue) are utilized across the hospital for safe segregation, collection, and disposal of hazardous waste.

4.4 Patient and Visitor Amenities

ZCare understands that a hospital visit can be stressful, and we have designed our campus to offer maximum convenience.

24/7 Cafeteria & Coffee Shop: Serving hygienic, freshly prepared vegetarian and non-vegetarian meals, snacks, and beverages for visitors and staff.

Retail Pharmacy: A well-stocked pharmacy located in the main lobby, offering authentic prescription medications, surgical consumables, and over-the-counter wellness products.

Banking and ATM: A 24-hour ATM facility is located near the main entrance for immediate cash requirements.

Prayer and Meditation Room: A quiet, secular space on the ground floor open to people of all faiths for prayer, meditation, and spiritual reflection.

Waiting Lounges: Spacious, air-conditioned waiting areas on every floor equipped with comfortable seating, reading materials, drinking water dispensers, and clean washrooms.

Wi-Fi Access: Complimentary high-speed internet access is available in all private rooms, suites, and major waiting lounges.

Mobility Assistance: Wheelchairs and stretchers are readily available at all entrances. Dedicated patient-transport staff (porters) assist with moving patients between departments.

Language Translation Services: Recognizing India's linguistic diversity, we offer in-house translation assistance for major regional languages (Hindi, Tamil, Telugu, Kannada, Bengali, Marathi) as well as sign language interpreters upon request.

Attendant Accommodation: A budget-friendly dormitory facility located adjacent to the hospital campus for outstation patient relatives who require long-term stay options.

4.5 Digital Health and Modernization Initiatives

Ayushman Bharat Health Account (ABHA) Integration: ZCare is fully compliant with the Ayushman Bharat Digital Mission (ABDM). Our front desk assists patients in generating their ABHA IDs, allowing for secure, paperless storage and sharing of medical records.

*****Electronic Medical Records (EMR):**** A completely paperless internal system ensuring that a patient's medical history, lab results, and prescriptions are instantly accessible to authorized doctors across any department.

*****ZCare Mobile App:**** Available on iOS and Android, allowing patients to book appointments, view diagnostic reports, order prescription refills, and pay bills securely from their smartphones.

Section 5: Admission, Discharge, and Billing Guidelines

To ensure transparency and a frictionless experience, ZCare Hospital follows standardized protocols for patient administration.

5.1 The Admission Process

*****Planned Admissions:**** Patients advised for elective procedures should report to the Admission Desk at least 2 hours prior to their scheduled time. A valid government-issued ID (Aadhaar Card, Voter ID, or Passport) is mandatory for registration.

*****Emergency Admissions:**** Critical patients are stabilized in the Emergency Room first. Administrative formalities and admissions are handled simultaneously by the hospital staff with the patient's attendants.

*****Consent:**** Informed written consent is mandatory before admission, outlining the scope of treatment, potential risks, and estimated costs.

5.2 Billing, TPA, and Insurance

ZCare Hospital has a transparent billing policy with no hidden charges.

*****Empanelment:**** We are empaneled with all major Private Health Insurance Providers (TPAs), Central Government Health Scheme (CGHS), Ex-Servicemen Contributory Health Scheme (ECHS), and selected state government health schemes.

*****Cashless Hospitalization:**** Patients utilizing health insurance must approach the TPA Desk at least 48 hours prior to a planned admission to initiate the pre-authorization process. For emergencies, the cashless request is raised within 24 hours of admission.

*****Payment Modes:**** We accept Cash, Credit/Debit Cards, UPI, RTGS/NEFT, and Demand Drafts.

5.3 The Discharge Process

*****Medical Clearance:**** Discharge is initiated only after the primary consultant writes the medical discharge order.

*****Billing Clearance:**** The ward nurse compiles the final file and sends it to billing. The final bill generation typically takes 2 to 3 hours. For insurance patients, the final approval from the TPA may take up to 4 hours.

* **Discharge Summary:** Upon final settlement, the patient is handed a detailed Discharge Summary containing the diagnosis, treatment given, surgical notes (if any), and post-discharge medication and follow-up instructions.

Section 6: Patient Rights and Responsibilities

As an Indian healthcare provider adhering to NABH standards, ZCare Hospital deeply respects the dignity and autonomy of every individual.

6.1 Patient Rights

1. **Right to Information:** To know the names and qualifications of the treating doctors, the exact diagnosis, proposed treatment plan, and alternative options.
2. **Right to Consent:** To refuse treatment or seek a second medical opinion without fear of compromise to ongoing care.
3. **Right to Privacy & Confidentiality:** To have all medical examinations conducted in private and to keep all medical records strictly confidential.
4. **Right to Transparency in Costs:** To receive a clear, detailed estimate of treatment costs prior to admission and an itemized final bill.
5. **Right to Grievance Redressal:** To lodge a complaint regarding the quality of care or hospital services and receive a timely response.

6.2 Patient Responsibilities

1. **Providing Accurate Information:** To provide complete and accurate information about current ailments, past illnesses, hospitalizations, and medications.
2. **Following the Treatment Plan:** To follow the prescribed treatment plan and instructions given by doctors and nurses.
3. **Respecting Hospital Rules:** To respect visiting hours, noise control rules, and the strict **no-smoking and no-spitting** policies on the hospital premises.
4. **Respecting Staff and Other Patients:** To treat hospital staff, other patients, and visitors with courtesy and respect. Violence against medical professionals is a non-bailable offense under Indian law.
5. **Meeting Financial Obligations:** To ensure that hospital bills are paid promptly in accordance with the hospital's financial policies.
